

The Album for Amy

The Album for Amy

The first time I heard Amy sing, my world was rocked. Time stood still for a minute, I got chills, and for the first time ever I felt the music all the way to my soul. It was her powerhouse voice that affected me originally, but later I was blown away by her raw honesty and quick wit. I could go on and on describing all of the ways that Amy impacted lives but perhaps the most important thing she did was to show us that it is okay to be yourself in this world. That true love, genuine friendship, and loyalty do matter. That it is fine to speak the truth. That life is too short to have regrets. Amy was an amazingly beautiful person inside and out. Her legacy will live on as those that love her will keep her alive in our hearts forever. She's a flame on a candle that perpetually burns. Your fans miss you, Amy Jade Mermaid, every single day. And we thank you for all that you've given us.

Dear Amy,

When I met you for the first time, I didn't suppose it'll change my life so much. I didn't know that I've found some real treasure when I took "Lioness: Hidden Treasures" and pushed "Play". I didn't guess I'll get so much from your music, from your words, from all you've done and still doing. I didn't expect to find the way and the teacher who will guide me. I've got a present for which I could never pay and now I want to do something to render my gratitude.

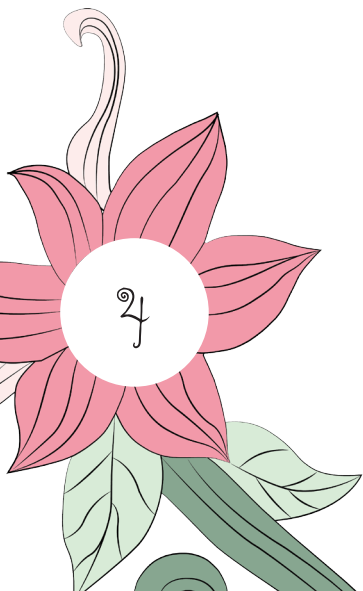

And I'm not the only person who wants to do that. There are thousands of people who keep sparks of your fire in their hearts. So, here is a modest present for you. We prepared it all together and now we're giving it to you. May it make you smile.

*Happy birthday, Amy!
Thank you for all.*

AmyLuv Surrendered

A spirited soul lingers
Of smiles, laughter and light
Of musical legacy
To be heard day and night
Hauntingly beautiful
Yet profound and intense
Though we'll never never quite understand of her passing
As somehow in doesn't make sense
But she's free to fly like her canary
A butterfly of creative wings
Listen closely in the storms and winds
In the waters
She sings
Be at peace
Release
You are not forgotten but forever remembered

A poem by Saturnina Fernandez

Hey Little Rich Girl.

With body and soul she sang a song for you, Take the box, fk me pumps, back to black too.

The girl from Ipanema passes by,

A glint of fools gold catches her eye!

She said

“I told you I was trouble, you know I’m no good I guess u didn’t listen or you just misunderstood,
Me and Mr Jones are just good friends though between the cheats it never ends, Can you teach
me tonight round midnight then?”

“Take a sip of cherry wine, lie back, relax, unwind In my bed love is blind, no greater love of
any kind, Will u still love me tenderly in mind Or will you be like smoke at half time?”

“Brother can u help me answers find?

Valerie, Cupid and I should care

She broadcast to the world out there,

Bare her soul oh she should dare

To her true love she do swear,

“Cherry was always by my side listening to the tears I cried When expressing the emotions
I could not hide, Broken heart and hurt pride his attentions always otherwise vide”

What’s inside her never dies she flies with Angels, Birds and Butterflies From humble
beginnings whence she came A beautiful Lioness no-one could tame, Immortal of voice and
beauty same She earnt her place in the Hall of Fame.

AMY WINEHOUSE WAS HER NAME!

Rip Amy 14/9/83 – 23/7/11

Forever missed but always in our hearts!

Звезда

Её портрет на всех обложках,
Звезда сияет среди людей.
Луч славы озарил её немножко
Глаза её теперь темней.
И говорят ей близкие — не зазвездись,
Не растеряй друзей — остепенись.
Но ей всё это нипочём.
Идёт одна на пике славы,
Друзей теряя
И подхалимам доверяя.
Увязла в светской жизни, на тусовках
Собирая молодёжь,
И впервые раз попробовала чушь,
Что косит человека в гроб.
Поняла, да поздно было
Чрезмерна доза кокаина.
Но всёж спастись ей удалось
Душа отчаяно дралась за жизнь
Врачи приехали, забрали
В больнице еле откачали.
Закрыла славы луч рукой,
Ура! в душе её царил покой
Друзья вернулись...
Ну как ты?...
Нормально...мотнула головой...

A Remembered Soul

On this very day you left
In which we grieved with tears and emotional pain
The thought that your voice now silenced
Never to here no more your voice again
Your wit and laugh
Kinda quirky sometimes in your clothes
And at other times , no
You got the world to listen
Even your life off the beaten path now and then
But you strived for your individuality
At to that I say, Amen
Like a butterfly you fly
Like a rose you did bloom
Whatever was on in your heart and mind
In private , or public
Don't judge or presume
Your spirit lives
Not forgotten
We shall respect you ,
That is the goal
A Remebered Soul...

It's okay in the day, I'm staying busy Tied up enough so I don't have to wonder where is he Got so sick of crying, so just lately When I catch myself I do a 180.

I stay up, clean the house, at least I'm not drinking Run around just so I don't have to think about thinking That silent sense of content that everyone gets Just disappears soon as the sun sets.

Remembering Amy

In your bedroom of dreams, are miracles made
A mix-tape of favourites, 25 in all, played
A track list of a life well-lived starts in your youth
The future's before you. Amy, you're the proof

A suitcase full of family stills, tells your history
"Please don't shut me up, my life is no mystery"
"Let me be heard, in nations far and wide"
But no-one can ever know what's going on, inside

A childhood wish on a star, comes more than true
Remembering Amy, for being just "you"
A legacy of memories of an incredible voice
But your life was to end, by chance, not by choice

A world weeps, a legacy lingers, a talent lost
The music we won't enjoy, you paid the ultimate cost
We only said goodbye with words, and left our hearts behind
You'll be remembered for all eternity, in a funky digital cloud

The tears in our eyes, won't dry on their own
They need a reminder from the seeds you have sown
And the passion inside stirs emotions within
So your music plays on, with our hearts in a spin

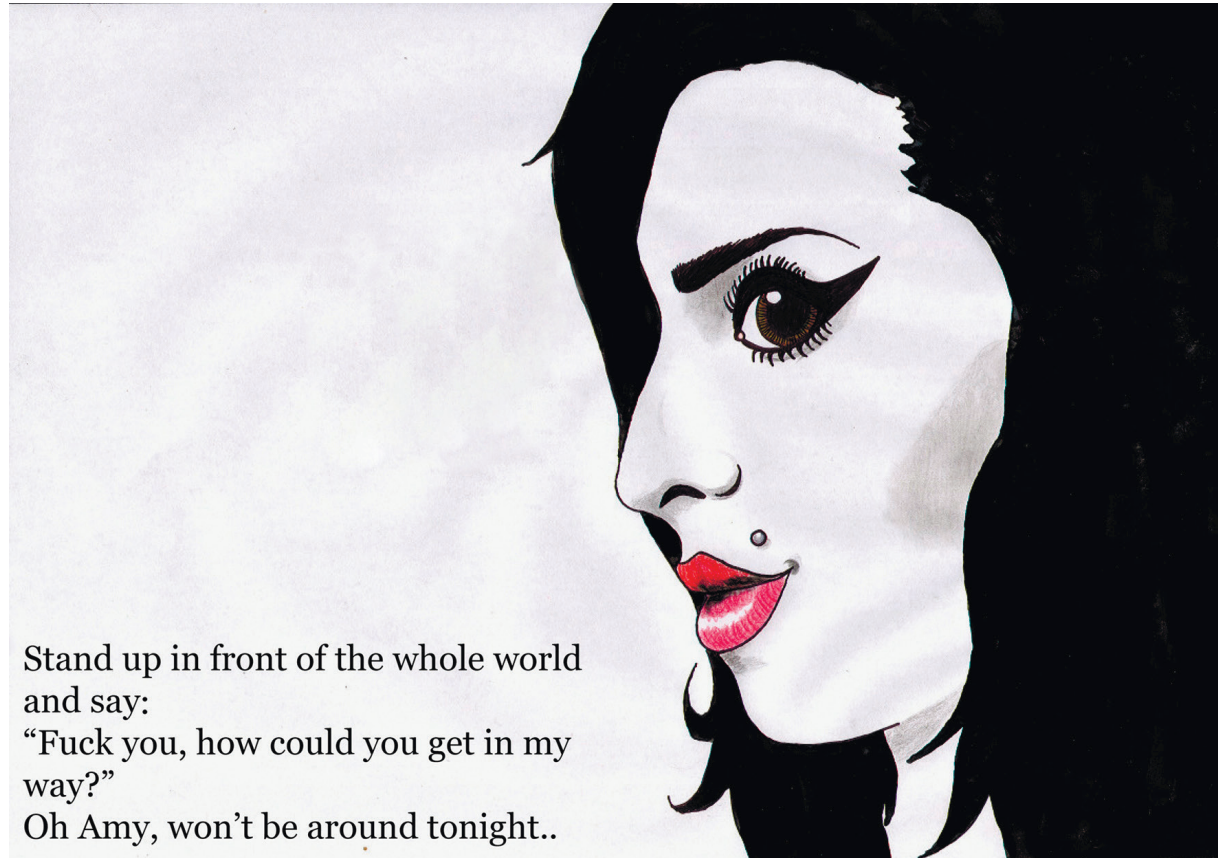

All you ever wanted was for your voice to be heard
But your life was lived in public and you unfurled.
Gone much too soon than you really should've oughta
An Icon. A Diva. A Legend. A Daughter.

RIP Amy and Happy 30th Birthday in 2013

Amy, Amy, Amy

From 'Frank' Amy's lyrics and songs had been lifting my melancholy teenage moods. This is my tribute to a beautiful song writer, I studied stills from her final performance in belgrade, there was still something touching and pulling about her body language that made me use those as a base for reference. I hope this emulates her as the talent and beauty she had been at her best.

The way she expressed herself
In many serious and humourous way
Ya knew the mood she was in

In her voice and lyrics

Best of of all
What made her and all

How can you go, without say goodbye?

what sorrow i feel inside
but i have to look ahead
and i have to know
that you are good
you are looking for us
your eyes are shining among the stars

when the TV talked me, She are dead.
i really laugh, thinking: It's not true.
after minutes, I was sure I would not see you anymore.
how can you go, without say goodbye?
you don't had choice, i know
is hard for us, can all days have gone.

i felt so down, without floor.
without know what make.
you showed me how to live,
and now, how i will live?
but life still going on.
and i know
wherever you are
you are looking for us
i can see your eyes shining among the stars
is very good, i feel you in my side.

how can you, without say goodbye?
you don't had choice, i know.
and I know that now there is a better life for you.
is a better life for you.
and wherever you are, you will be looking for us.
i can see your eyes shining among the stars.
i know you're looking for me.

how can you, without say goodbye?

Amy Sings Through The Wind

No matter the time of day or weather
In the calm or storm of it all
Through tragedy and destruction
Of mediocrity or fair
She's there
Can you hear her?!
Open your ears
Hear her
Her spirit soars free
Through all obstacles of humanity
She has broken down the wall
Dance to the music
In the air gentle yet crisp
She 's alongside with those she loved
I can see those eyes
In my mind that smile
Whenever she grinned

Help Yourself In an Unholy War

Help Yourself

What would you do if you fought some unholy war?

Would you run like a coward and accept the fate prescribed to you?

Or would you fight till its bitter Finalé?

Would it be memorialized in writing?

Can you lose with those you love drunk on pride in tow?

Or do you suffer the fatal blow? Or is there justice presiding?

Do you march on because great scholars and poets say Love Is Blind?

Is there someone for you to see at the end of the Unholy War's Bitter Finalé?

Do you sway and wander every day you go and fight in this war?

Do you fight five story fires war's losing game?

Do you regret going to join so eagerly like some child going to play cowboys and Indians with his friends?

Is war the losing hand in your eyes is it Self-Professed and Profound?

Or rather brought upon the enemy's well-being by themselves?

Are they futile odds surely they are laughed at by the gods hoping to escape the final frame of the movie in this losing game, Not even they can help you...

They bother your heart so you can be restless and be breathless with the ache in your chest where is the dark to cover you now?

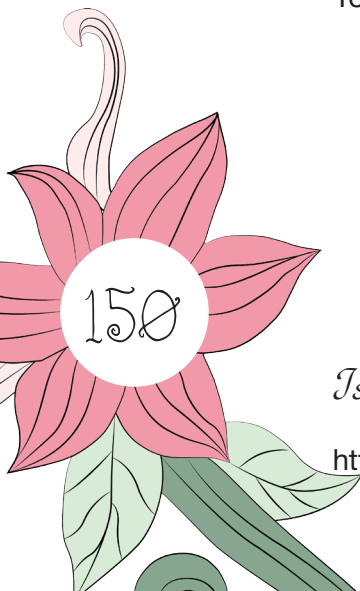

Has your blood run cold now?

Have you drowned under the bathed blue light?

Were there neighbors screaming?

But far too soon are we sometimes taken out of this Unholy War to go Rest In Peace eternally

You have This Unholy War and Have Helped Yourself Rest In Peace Amy Jade Winehouse

A Butterfly Spreads Her Creative Wings

A butterfly so beautiful
Her colours inspiring and brilliant
She took flight with voice and soul
Destination of her life
Was in the hands of her own control
A legacy of lyrics and songs
To embrace and forever be
She left this world
But her spirit unfurled
And now she is free to fly
We did mourn, cry
And was trying to contemplate and ponder...
why?!
She had a mind on many things
But at last
Her memories are cast
And a butterfly spreads her creative wings...

Amy Winehouse had an amazing soul and so many feelings to express with her music. I named this portrait after her famous song "Back To Black", which I found deeply beautiful from the very first time I heard it. The news of her death left me so stunned and so sad that the only thing I could do is to draw her, as a personal tribute. She was a great singer, she left us too soon...but she will always live in our hearts.

Winehouse Effect

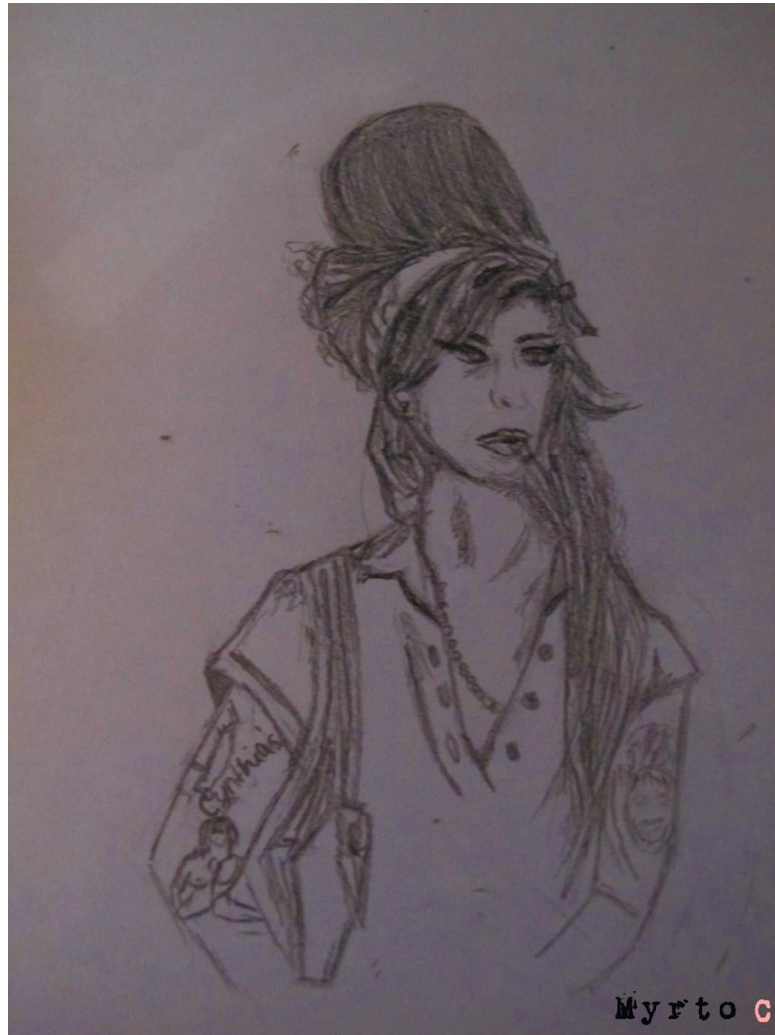

Petite but mighty
Of that voice
She filtrates into your soul
Her lyrics of choice
Profound
Dig that sound
Truly to behold
Defiant, self reliant
Raw and bold
Sweet and tart
Emoting from her heart
Wit and respect
The Winehouse Effect...

Hommage for Amy

This is my way to express my love and to pay tribute to my beloved amy for her beautiful lyrics, compositions and all the things she left to this world. it's a digipaint and took over 2 weeks to finish. amy was already dead, when i did this portrait, so the crow has the meaning of a traveler between this world and the next, where she now lives in peace and love. her music will never die, and so does my love...

Amy by Jasjyot Singh Hans

I heard of Amy Winehouse's death through a message on my phone a friend sent me. And it came to me a such a shock. More so because though I had been listening to her music for a long time, it was those days I was checking up on her site on any update on a long due new record. And then it was just blank.

I've been wanting to draw her for too long now, I thought of many compositions. Then this happened. I loved every bit of working on this.

Also, "Wake Up Alone" from her second and last studio album, Back to Black is my favorite song by her. RIP Amy.

Amy Animated

You couldn't help but smile and laugh
When she got that mischievous grin
You knew she was up to something or about to comment
Her special brand of reckoning
Though at times it wasn't funny
What she went through
But I tell ya when it was
My stomach muscles paid the price, it's true
Her humour and wit
Went hand in hand
If you were privy to witness it
Then you would completely understand
Sometimes it boggled me and I wonder where exactly
It was originated
Then shook off the notion
And appreciated
Amy animated...

A Voice of Her Own

Unique and distinctive
You know it's her when you hear the song
It's worldwide known
There's no mistaking
To who it belongs to
You cannot be wrong
Strong and versatile
Yet tender but profound
While the lyrics are original and defining
The songs have power
The grooving sound
Day or night
Whether in love or in a fight
It has you movin round
Touches you
Relates to you
Or you just like the way it is
To have seen her live
You would of felt her jive
Now her legacy gives us joy
A talent was shown
Truly Amy
A Voice of Her Own...

Of Her Heart

Singing from the depths of her inner soul
She releases her truths
Of her passions and discords
Where she has gone and would like to be
Each time you listen
You learn
An education of sorts
One of a kind you see
You cry alongside her tears
Get angry as she does
Definitely an original
No doubting
Always will be and was
Come along on her journey
Discover her paths
The beginning a great place to start
For there you will acknowledge
Of Her Heart...

The Amy We Love

Such a gem she was
Very lyrically inclined
When she sang
In her voice
You felt the emotions intertwined
Unique in her ways and attire
Her attitude and private side
Perhaps different as night and day
But through it all
She gave her call
Did things her way
Never backed down
Swore sometimes up and down
Pretty in a dress
In her Daddy's arms she did caress
In truth she did confess
Life wasn't all games and perfect
But real and often a mess
Now she is watching from above
Forever remembering
The Amy We Love...

The Queen of Camden

I know of a beautiful soul
who shared more with us in her short life, as she played so many roles.
Her time here on Earth was spent full of talent and worth.
Some only heard the negative spin,
but those of us more fortunate
were the ones to win.

For we were blessed to know all of the facets of her fractured and tortured body and mind.
She shared her hurt with the world
and used her voice as an instrument.

Her lyrics were raw emotion.
She had the gift of being a brilliantly inspired lyricist.
As I write this, my eyes are full of mist.

You see, as I think of her humor and wit;
how in a world of posers-she was always true and genuine.
A free thinker, a gentle spirit, with a heart of gold- too good for this world full of cold.

Those of us who had the privilege of seeing beyond the facade, will keep her spirit alive.
That voice of an angel will always sing in our hearts and souls.

Heaven must sound beautiful, Amy Jade Mermaid. Until we meet up in eternity.

Hear me, Sister

Do you hear me, sister?
Please, let me know you do!
I have so much to tell you, sister,
I want to hear you too.
I am so grateful, sister,
For all you have done,
For all you have taught me,
For being my sun.
 You let me breathe,
 You have shown me the way,
 You have shared with me your fire —
 The gift for which I could never pay.
You're always with me, sister,
My heart is your home,
And I can feel your presence
Wherever I go.
Sometimes I see you, sister,
When I close my eyes,
I see you as a raging blaze,
Fighting with black ice.
 And you let me breathe,
 You have shown me the way,
 You have shared with me your fire —
 The gift for which I could never pay.
You inspired me, sister,
You shown me the light,
You shown me the freedom,
For which I will fight.
I will carry on, sister,
The flame which you set,
And you will hear me, sister,
Your smile is what I want to get.
 Coz you let me breathe,
 You have shown me the way,
 You have shared with me your fire —
 The gift for which I could never pay.
